Steps to Build

Building a home is exciting and we're here to guide you every step of the way, from your first ideas through to handover and beyond. Here's what your journey looks like with Perry Homes.

1 FIND YOUR PERFECT BLOCK

Everything starts with finding the right block of land. Location, size, slope and orientation all help shape your future home. Choosing the right block sets the foundation for a design that suits your lifestyle.

2 DESIGN YOUR DREAM HOME

This is where your vision starts to become a reality. Choose one of our plans, tailor it to your needs or let us create something custom-designed for the way you want to live.

3 SECURE YOUR BUILD WITH A DEPOSIT

Once you're happy with your design, a $4,000 deposit gets things underway. We'll take care of planning, site investigations, engineering and BASIX requirements, while preparing your tender for the next step.

4 SIGN YOUR CONTRACTS AND APPROVAL

At this stage, we finalise the details and you pay the balance of your contract deposit. We'll take care of the approval process, lodging everything required and ensuring your home meets all council requirements.

5 CHOOSE YOUR COLOURS AND FINISHES

This is where your home really starts to come to life. You'll choose your colours and finishes like tiles, flooring, cabinetry, paint and fixtures. These choices help shape the final look and feel of your home.

6 FINAL APPROVALS AND FINANCE SIGN-OFF

Before construction begins, we obtain final approvals and lender authorisation. Once received, we book your frame, roof and materials to ensure everything is ready for construction to commence.

7 CONSTRUCTION BEGINS

This is where it all starts to feel real, as you watch your new home come to life. Your Site Manager oversees every stage, from slab and frame through to lock-up and the finishing touches.

8 PRACTICAL COMPLETION AND HANDOVER

The moment you've been waiting for! We'll complete a final walk-through together and take care of any finishing touches. Then it's time to hand over the keys and officially welcome you to your new home.

9 MOVE IN WITH ONGOING SUPPORT

After you move in, we support you through the maintenance period, addressing any minor issues that arise. You're also covered by statutory warranties and our 20-year structural guarantee.

We are proud to partner with some of the best brands in Australia to deliver your dream home.
